CHARLOTTE is passing TV channels, sitting on the couch, bored. She suddenly gets past a horror movie, and she puts it back on. She settles down into a more comfortable way of sitting, and that is laying down.

MOVIE ACTRESS
Somebody there?

The TV's audio makes the sound of lighting striking a house.

MOVIE ACTRESS (CONT'D)
Who the hell is there?

A werewolf's howl is heard in the audio, plus scary music. Then, a shadow is walking towards Charlotte. Charlotte is looking at the television screen intently, her eyes so glued she doesn't even blink. The scary music continues, and the shadow walks in front of Charlie. Then, the shadow makes a face, showing long, black, nails. Viola is revealed to be the mysterious shadow. Charlotte screams.

CHARLOTTE
AHH!

Viola chuckles, and we see that she is wearing a weird type of ceremonial clothing, topped with a triangular hat, and the long, black nails that were revealed before. Charlotte "Charlie" is still on shock.

CHARLOTTE (CONT'D)
Oh my gosh! I thought you were sleeping!

VIOLA
Oh, I couldn't sleep. What do you think of my outfit?

Charlie doesn't answer.

VIOLA (CONT'D)
This is a ceremonial robe given to me by Dalai Lama. The hat was a birthday gift from him... ah, he never forgot my birthday. Ugh! But he doesn't care anymore.

She makes a motion with her hand, and Charlotte moves immediately -- yet it seems reluctant. Viola points at the screen, which is still on.

VIOLA (CONT'D)

Why's she running?

CHARLOTTE

Someone's chasing her.

The movie actress is running from a non-identified man.

VIOLA

Why is he chasing her?

CHARLOTTE

I'm not sure.

VIOLA

But, who is he?

CHARLOTTE

Well, I don't know. We have to watch,
but you have to stop talking.

VIOLA

Mhmm.. don't you hate what she's
wearing? I mean, running out there
with bare feet and - and what is that?
A pajama top? It's so unrealistic.

Viola then starts talking about TV segments and demographics,
that Charlie starts to get annoyed, tired, and bored.

VIOLA (CONT'D)

I used to bring Kevin to the set,
that's where he met-- oh is there
anybody famous in this movie? Because
I don't know any of them. It is all
the same, the girl gets chased and
then killed by the mysterious man...

At one point, Charlie cannot stand all what Viola says, and
said person is sleeping on the couch, fidgeting and
fidgeting. Suddenly, there's a timeskip, and it's the
morning. Someone uses a whistle and wakes Charlie up. It's
Viola.

VIOLA (CONT'D)

I'm sorry, I thought it was air
fresher! Haha Haha!
